

Built Environment Action Team

Jackson County Healthy Communities Coalition

Strategies

Advocacy:

BEAT advocates for the promotion of active transportation, development of complete streets, and use of mass transit in Jackson County.

Community Action:

BEAT encourages community action through the development and distribution of walking and biking maps, provision of bicycle and pedestrian safety education, and collaborative community events.

Infrastructure Development:

BEAT supports the development of an infrastructure that provides for active transportation options, including bike lanes, crosswalks, increased availability of bike racks, and bicycle repair stations.

Overall Goal

Promote changes in the built environment that will encourage healthy living.
