

Partners in Health,

Welcome to the Franklin/Williamson Healthy Communities Coalition! We are excited you're interested in our work and invite your participation in making Franklin and Williamson Counties healthier places to live, play, and work. The coalition virtually meets quarterly on Thursdays from 9:00 am -10:30am.

Meeting dates, meeting minutes, and additional information about coalition activities can be found [here](#).

Each community partner is welcome to network at the larger community meetings and is also encouraged to become a valued member on one of our action teams. Whether you are interested in attending to network, to keep current on health-related events, or to join a specific action team, we are happy you are involved! Please check with the individual action team leaders on their specific community meeting times [here](#).

To obtain additional information about the coalition, and how to attend future meetings, please contact: Fanta Saidou by email at fanta.saidou@sih.net or by phone at 618 -457-5200 ext. 67837.

Sincerely,

FWHCC Steering Committee
